Now therefore, His Majesty in Council doth direct that on proof that Belgian ships have complied with the aforesaid Belgian regulations, such ships shall not, when in ports of the United Kingdom, be liable to detention for non-compliance with the provisions of the Merchant Shipping Acts relating to overloading, nor shall there arise any liability to any fine or penalty which would otherwise arise for non-compliance with those provisions.

PRESS COMMUNIQUÉ.

Fort St. George, January 6, 1927.

No. 18.—It was the practice until recently for documents legalised at the British Consulate General, Paris, to be in turn presented at the French Ministry for Foreign Affairs for the attestation there of the Consular signatures on the documents, in order to impart to them the necessary legal force for their use in France. The French Ministry for Foreign Affairs have, however, recently adopted a new method of procedure, requiring that all documents intended for use in France shall henceforth be legalised by French Consular Officers stationed in the countries of the documents' origin. As ignorance of the requirements of the French authorities may result in inconvenience and material loss in some cases, British Indian subjects proceeding to France are warned that they should not depend on any form of legalisation in France and that they should obtain the necessary documents from the local French Consular Officers before leaving home.

RULES AND DIRECTIONS FOR THE ADMISSION OF HOLDERS OF SECONDARY SCHOOL-LEAVING CERTIFICATES TO UNIVERSITY COURSES OF STUDY.

I. Admission of holders of Secondary School-Leaving Certificates to University courses of study in the academic year 1927-28 and subsequent years shall be made only in accordance with the following rules and directions.

II. Such holders only of completed Secondary School-Leaving Certificates may be admitted to University courses of study, and registered as matriculates under Regulation 1 of Chapter XVI as (a) had completed not less than 15 years of age on the first day of the month in which the examination qualifying for such certificates is held, unless specially exempted from the operation of this age limit, and (b) have been declared eligible for such admission by the Syndicate.

III. A complete list of certificate-holders declared eligible for admission to University courses of study will be published annually in the *Fort St. George Gazette*, and a copy of this list will be furnished to each Principal of a Constituent or Affiliated College. A certificate holder not included in one of these lists will not be entitled to registration as a matriculate under Regulation I of Chapter XVI.

IV. In the case of certificates issued under the authority of the Government of Madras those holders of certificates who qualify under the following rules will be included in the list of those declared eligible for admission to University courses of study :—

1. Secondary School-Leaving Certificate-holders shall be eligible for admission to University courses of study, who secure at the Public Examination (1) 35 per cent of the marks in each of the three subjects of Group A (except Vernacular Composition and Translation, in the case of school pupils who are exempted by the Director of Public Instruction the study of this subject in Group A), and (2)

35 per cent of the marks in each of the two subjects selected under Group C, one of which shall be Algebra and Geometry, or Physics, or Chemistry or Botany, or History of England and India, subject to the following proviso:—

A certificate-holder who secures in the aggregate 175 marks in the five subjects but fails by a deficiency of not more than one mark in each of two subjects, not of the same group, shall be declared eligible for admission to University courses.

A Moderation Board shall be appointed by the Syndicate to consider cases of certificate holders who got an aggregate of not less than 200 marks and not less than 35 per cent of the marks in each of three subjects—not all from the same group—but do not satisfy the above rule.

2. In the case of a Secondary School-Leaving Certificate-holder who has been exempted the study of Vernacular Composition and Translation the total marks required for the purpose of the application of the rule above will be reduced by one-fifth.

3. In the case of certificates issued under the authority of Native States in the territorial jurisdiction of the University, similar standards for admission will be applied.

4. Any candidate for admission to University courses of study who in any year fails to qualify by reason of deficiency in any subject or subjects in which he has undergone examination will be required to undergo a supplementary course at school in all the subjects of Group A and in two subjects of Group C. He must again appear at the Public Examination in all the five subjects at the close of this supplementary course and his eligibility for admission will be determined, according to the preceding rules, either by the marks obtained by him at the last examination or by the average marks throughout in each subject obtained by him at the last and penultimate examinations. Also in the case of a candidate who, after undergoing a supplementary course and examination, has failed again to qualify for admission to University courses of study and who is permitted to appear at the Public Examination in a subsequent year after private study, eligibility for admission will be determined, according to the preceding rules, either by the marks obtained by him at the last examination or by the average marks throughout in each subject obtained by him at the last and the penultimate examinations.

V. *Certificates once scrutinized, the holders of which were found to be ineligible under the rules in force at the time of scrutiny, will not be re-considered for purposes of being declared eligible for admission to University courses of study.*

VI. The lists published annually in the *Fort St. George Gazette* will contain the names of all certificate-holders found to be eligible for admission to University courses of study in Constituent or Affiliated Colleges under the rules and directions issued from time to time. It is, however, to be clearly understood that inclusion in the list confers on no certificate-holder the right of admission to any Constituent or Affiliated College. The Principals of Colleges are at perfect liberty to restrict admission to such applicants as they may select and are moreover required strictly to confine admission to such eligible certificate-holders as, judged by their certificates, may be expected to profit by the particular courses of study upon which they propose to enter in the college selected.
